

With reference to the recognition of foreign qualifications, the University will take into account the University's *Procedures for the entry, stay and registration of foreign/international students on higher education courses in Italy for the academic year 2022-2023* (<http://www.studiare-in-italia.it/studentistranieri>).

The University will make available two cycles of ancillary seminars for the medical profession (the on an exclusive basis. Although they are not part of the academic curriculum nor subject to examination, they are considered by the University to be extremely useful for training purposes. Access to the ancillary courses will take place through personal credentials provided by the University to students qualifying for admission. The credentials may not be transferred or made available to any other person and may be used flexibly according to the user's preference. When the personal credentials have been received and activated, the student will have full access to the content of the Seminars, which will be considered to have been

If no message is received from convocazioni@ilmiotest.it, you should check that the message is not stored in your junk mailbox. Should it not be present in junk mail either, a report should be made to convocazioni@ilmiotest.it requesting a new email to be sent.

Candidates are required to check the level of quality and continuity of the I

passing of this stage does not guarantee that the candidate shall be able to take the competition test without the prescribed equipment.

Performing the test

From the 3rd day prior to the test, candidates will receive an email sent from convocazioni@ilmiotest.it containing the instructions on how to carry out the requirements check; specifically, candidates must:

install the Google Chrome Proctor Exam plugin required to ensure video surveillance during the test;
install the Proctor Exam App on the smartphone (or tablet) that will be used during the test.

Candidates must follow the procedure to test the correct setup and operation of

- PC/Mac audio and microphone
- PC/Mac webcam
- smartphone/tablet webcam
- Internet connection

At the end of the requirement check, applicants will receive a second email from convocazioni@ilmiotest.it with the link to access the exam and information about the relevant date

A candidate who is absent from the test after the closing of the identification procedures will be considered a dropout.

appear on the left-hand side of the screen.

Only then, by clicking on the appropriate button, will the candidate begin the test.

Once returned to the start page, the candidate will see a number in the top right.

The use and consultation of other applications, browsers or web pages is not permitted. Therefore, it is necessary to close all web pages and any open programs. Platform pages, on the other hand, must always remain open.

In the event of technical problems, the candidate can use the live chat at any time.

During the test, candidates may only use their PC/Mac without additional screens, keyboards and mice.

The use of two blank sheets of paper and a pen to carry out any calculations is permitted, subject to verification by the remote proctor during identification.

Grounds for exclusion from the test

Candidates are required to comply with the following provisions on pain of exclusion from the test:

1. the room must be adequately lit;
2. the use of it.

Article 7 – Pre-registration

Starting 16 February 2023 and until 13:00 hrs on 23 February 2023, candidates who have obtained a valid position in the ranking list are required to carry out the procedure, following the instructions published on www.unicamillus.org/ammissioni

the University. Therefore, it remains the responsibility of the candidate to verify their position on the website by complying with the terms and conditions for pre-registration.

Candidates who do not meet the above deadlines will be considered as dropouts and will lose their right to pre-register.

Pre-registration is considered *sub conditione* until publication of the Ministerial Decree for the allocation of the places available to UniCamillus for the 2023/2024 academic year.

Without prejudice to the provisions of the following paragraph, the amount paid for this purpose may be refunded only to candidates pre-registered *sub conditione* for whom registration cannot be confirmed due to the filling of all available positions by candidates placed higher in the ranking. The refund will be made by the beginning of the 2023/2024 Academic Year. Only and exclusively in this case will the costs related to the University's provision of the Seminars be covered by the University itself.

If the pre-registration was completed remotely or not on University premises, the student may, within 14 (fourteen) days starting from the date of pre-registration (based on the date of payment), exercise the right of second thoughts cancellation by clearly informing UniCamillus of their intention to withdraw from the course by sending a letter by registered post with confirmation of receipt. Where the right of second tho

Publication of all notices on the University's website acts as official notification to the interested parties. Any personal notices sent to the email addresses entered by candidates on the system during the exam registration phase are only intended to assist them in following the competition process and in no way substitute the notices published on the University's website, which is the only official communication channel of the University. Therefore, it remains the responsibility of the candidate to verify their position by complying with the terms and conditions for registration.

Italian and foreign students with qualifications obtained abroad must deliver to the student office, by 3 August 2023, under penalty of exclusion, the official translation into Italian of their qualifications, complete with legalisation where necessary and a Declaration of Value issued by the

Article 9 – Compulsory vaccinations

Students admitted to enrolment shall declare their commitment to the following undertakings within 30 days of enrolment itself:

the tuberculin test performed according to the Mantoux method, in accordance with the guidelines for the control of tubercular disease (provision 17.12.1998 of the State-Regions Conference) and Presidential Decree No. 465 of 07.11.2001 regulating anti-tubercular vaccination;

vaccination against viral hepatitis B, pursuant to Italian Law 165 of 27 May 1991.

Students also declare their commitment to undergo any other vaccination available, as from time to time imposed by law or deemed appropriate by the University for the safety of the students themselves and of all those with whom they may come into contact as a result of the academic activities in which they are required to participate.

Article 10 – Withdrawal, transfer or discontinuation of studies

using the online procedure by accessing the student portal (Gomp) with their credentials and going to th

Withdrawal from studies is deemed to be completed with the issue of the relevant release document. This document will only be issued to students who, at the time of application, have complied with the payment of the envisaged fees and contributions.

In the event of renunciation or transfer, amounts already paid up to the time of submission of the relevant application will not be refunded under any circumstances by the University under any circumstances, not even if the student does not attend the Seminars offered by the University.

Outgoing transfer *consent* and the issuance of the relevant documentation may only be granted to students who, on the date of application, have paid all relevant academic contributions, fees and stamps.

In any case, a student who abandons studies after the start of classes is required to pay all the fees and contributions stipulated in the Fees and Contributions Regulations for the academic year in which he or she has enrolled, readily available on the University website at the following link <https://www.unicamillus.org/it/regolamenti/>.

Article 11 – Warnings

Pursuant to prevailing legislation, the University reserves the right to verify the truthfulness of the declarations made by the candidate at any stage of the enrolment process. The candidate must therefore provide all the necessary elements to allow for the appropriate verifications. If false or

misleading declarations are found in the documentation submitted by the candidate, without prejudice to the sanctions provided for by the Criminal Code and the special laws on the subject and the exposure of the declarant to action for damages by the interested parties, any enrolment will be cancelled, any benefits granted will be recovered and any university fees and contributions paid will be withheld and not refunded under any circumstances.

The University reserves the right to change the location of placements both in the region and outside the region and the mode of delivery of the courses, should it be deemed useful for organisational reasons and/or health safety requirements, by publishing notices on the University's website, which is the University's only official communication channel.

For legal and interpretative purposes, only the Notice of Call approved by Rector's Decree No. 336/2022 shall apply; it is drawn up in Italian and available on file at the teaching secretary's office, with a true copy available on request.

For all matters not provided for in this Notice of Call, please refer to the University's Articles of Association, the Teaching Regulations for the course, and the Tax and Contribution Regulations for the 2023/2024 Academic Year, which can be readily consulted on the University's website at the following link <https://www.unicamillus.org/it/regolamenti/> that the student, by participating in this notice of call, fully accepts.

Article 12 – Procedure Conformity Commission

A specific provision shall appoint a Commission to ensure the smooth and proper conduct of the competition procedures.

Vittorino Testa, Student Services Directorate UniCamillus University, is in charge of the procedure.

Mendelian genetics: Mendel's laws and their applications.

Classical genetics: chromosomal theory of inheritance inheritance models.

Molecular genetics: structure and DNA duplication, the genetic code, protein synthesis. The DNA of prokaryotes. The structure of the eukaryotic chromosome. Genes and the regulation of gene expression.

Chemical reactions and stoichiometry: atomic and molecular mass, Avogadro's number, the mole concept and its application, elementary stoichiometric calculations, balancing simple reactions, the different types of chemical reactions.

Solutions: solvent properties of water, solubility, the main ways of expressing the concentration of solutions.

Equilibrium in aqueous solution.

Elements of chemical kinetics and catalysis.

Oxidation and reduction: oxidation number, the concept of oxidant and reductant. Balancing simple reactions.

Acids and bases: the concept of acid and base. Acidity, neutrality and basicity of aqueous solutions. pH.

Hydrolysis. Buffer solutions.

Fundamentals of organic chemistry: links between carbon atoms, crude and structural formulas, the concept of isomerism. Aliphatic and aromatic hydrocarbons. Functional groups: alcohols, ethers, amines, aldehydes, ketones, carboxylic acids, esters and amides. Elements of nomenclature.

Physics

Measurements: direct and indirect measurements, fundamental and derived quantities, physical dimensions of quantities, knowledge of the decimal metric system and of the Systems of Units of Measure CGS, Technical or Practical (ST) and International (SI), of the units of measure (names and relationships between fundamental and derived units), multiples and submultiples (names and values).

Kinematics: kinematic quantities, various motions with particular regard to uniform and uniformly accelerated rectilinear motion; uniform circular motion; harmonic motion (for all motions: definition and relationships between the connected kinematic quantities).

Dynamics: vectors and operations on vectors. Forces and moments of force with respect to a point. Moment of a pair of Forces. Vectorial composition of forces. Definitions of mass and weight. Gravitational acceleration. Density and specific gravity. Law of universal gravitation, 1st, 2nd and 3rd principles of dynamics. Work, kinetic energy, potential energies. Princip

topics. Specialist knowledge of such topics is not required: basic knowledge from reading newspapers and other normal media that commonly give news on such topics will suffice. In other words, these questions will be aimed at revealing the candidates' degree of interest in the aforementioned topics, which, if such interests exist, will certainly have been the subject of personal reading and in-depth study, albeit of an informative and non-specialist nature. Similarly, there may be general knowledge questions intended to highlight a high level of social and humanistic awareness considered necessary for the elevated profile of health professionals trained by UniCamillus. t of personal
